

# HAVE YOUR PARTY AT INDIAN ACRES TREE FARM!

Indian Acres Tree Farm offers a unique atmosphere for birthday parties and family gatherings. All parties include a wagon ride to the Patch / Maze area. A private party tent is yours for the entire party, but plan on spending at least **1 Hour** "out" which includes a wagonride, pumpkin picking and the Maze. You will be dropped off first at the entrance to our 3 Acre Maze to find the 17 "kid friendly" Scarecrows and then you will walk to the pumpkin patch to see the Great Pumpkin. Once the children have picked their own small pumpkin to take home you will get back on the wagon to be taken up front to your tent area. A pizza or hot dog lunch is available for an extra charge but must be **ordered ahead of time**.

Don't forget...we have a great FREE play area!!

The tent contains 4 plastic picnic tables and one long table to put your presents, cake, etc. For larger parties, you may request ahead of time for extra picnic tables to be placed at the entrance of your tent. The long table has a table cloth, but the picnic tables do not. Feel free to bring additional decorations or games. But remember, our farm atmosphere encourages the kids to just run around and play so extra activities planned by you are **not** necessary. Our gift shop also offers many inexpensive items that can be used as party favors. Your party package does not include any party supplies (we do **NOT** provide plates, cups, tablecloths, etc.). Also, there is no access to electricity at your party tent area.

## **BIRTHDAY PACKAGE:**

**\*\*\*RAIN:** We require a **non-refundable \$100 deposit** to reserve your party tent. In the event of rain, we can try to reschedule. We have extra tents that can be roped off that are usually occupied by the public. But due to your party guests' busy schedules, it is sometimes hard to change the date at the last minute. Therefore, most parties try to continue. We can put the pumpkins in your tent ahead of time so they will be dry. You can plan an activity of painting or putting stickers on the pumpkins (The supplies must be provided by you). A short version of our wagon ride may be possible if desired (wagons are not covered and do get wet), but the maze may be too wet to go in. The price of your party will be adjusted depending on what you are able to do.

Lastly, if you can not reschedule your party and you have decided not to come, a refund of \$75 (of your \$100 deposit), will be sent to you by November 15th. But this is only if it is a complete washout during the time of your party, and you do not want to come to even pickup \$100 worth of pumpkins to have a party at your house. We only make a decision after the time of your party has passed. We can't make it too easy to back out of the party because the weather is so unpredictable. A lot of times it calls for rain and then it is clear for most of the day. Also, there have been parties here in the rain that the kids enjoy very much! So if you are too worried about bad weather, this is not the place to have a birthday party.
